

## **MTRC PORTABLE WELDER ADDITIONAL Q&A**

These are questions that were asked via e-mail after the 20 August Q&A Telecon. Will be updated on a weekly basis prior to the 03 September submission deadline.

**Q: Will gas be provided just as weld materials will be? If so, should we expect a variety of mixed gasses or just pure CO2?**

A: No gases will be provided.

**Q: Will compressed air be provided and at what CFM@PSI? If not, can we bring our own?**

A: No compressed air will be provided.

**Q: Who can I send NDA to? Would like to align confidential demo space for new tech under development**

A: Please send a draft NDA to Jason A. Schroeder, who will coordinate with USSOCOM Acquisition Agility Agreements Officer for consideration.
